

Contents of *Livestock Production Science*, Volume 36

VOL. 36 NO. 1

JULY 1993

An Introduction to the workshop	
C. Raichon, D.D.H.J. Blokhuis and H.K. Wierenga	1
Recent advances in animal biotechnology: welfare and ethical implications	
R.F. Seamark (Adelaide, Australia)	5
Developmental capacity of ovine zygotes following microinjection of h FVIII-cDNA	
H. Niemann (Mariensee, Germany), R. Halter (Hannover, Germany), E. Lemme, D. Herrmann, J.W. Carnwath (Mariensee, Germany) and D. Paul (Hannover, Germany)	17
In vitro techniques in fox reproduction	
W. Farstad, A. Krogenæs, E. Nagyová, A.L. Hafne (Oslo, Norway) and P. Hyttel (Copenhagen, Denmark)	23
Comparison between culture of bovine embryos in vitro versus development in rabbit oviducts and in vivo	
F.J. Ectors, F. Thonon, A. Delval, R.S. Fontes, K. Touati, J.-F. Beckers and F. Ectors (Liège, Belgium)	29
The synthesis of a recombinant protein in milk of transgenic mice	
M.-G. Stinnakre, E. Devinoy, D. Thépot, N. Chêne, M. Bayat-Samardi, H. Grabowski and L.-M. Houdebine (Jouy-en-Josas, France)	35
Assessing the welfare of modified or treated animals	
D.M. Broom (Cambridge, UK)	39
Bovine somatotropin and clinical mastitis: epidemiological assessment of the welfare risk	
P. Willeberg (Copenhagen, Denmark)	55
PST treatment and leg disorders in growing swine: a welfare hazard?	
H.B. Simonsen (Frederiksberg, Denmark)	67
Effects of recombinant bovine somatotropin (rbST) on productive and physiological parameters related to dairy cow welfare	
V. Dell'Orto, G. Savoini, E. Salimei, D. Cattaneo, C. Secchi and F. Rosi (Milano, Italy)	71
Phenotypic engineering for feed efficiency and animal welfare: some preliminary results from poultry and pigs	
R. Geers (Leuven, Belgium)	77
Investigating welfare of dairy calves involved in genetic modification: problems and perspectives	
C.G. Van Reenen and H.J. Blokhuis (Zeist, Netherlands)	81
The ethical challenges of animal biotechnology	
S. Donnelley (Briarcliff Manor, NY, USA)	91
Ethical questions around animal biotechnology. The Dutch approach	
F.W.A. Brom and E. Schrotten (Utrecht, Netherlands)	99

The concept of integrity. Its significance for the ethical discussion on biotechnology and animals	
J. Vorstenbosch (Utrecht, Netherlands).....	109
Transgenic animals – which worries are ethically significant?	
P. Sandøe and N. Holtug (Copenhagen, Denmark)	113
Biotechnology, animal welfare and ethics: remarks on a conference	
P.R. Wiepkema (Wageningen, Netherlands) and D. Demeyer (Melle, Belgium).....	117

VOL. 36 NO. 2**AUGUST 1993**

Announcement from the publisher	iii
Energy evaluation systems for pig diets: a review	
J. Noblet and Y. Henry (St Gilles, France)	121
Genetic parameters for type traits in the French Holstein breed based on a multiple-trait animal model	
V. Ducrocq (Jouy-en-Josas, France)	143
Effects of winter feeding during the rearing period on performance and longevity in dairy cattle	
J.L. Troccon (L'Hermitage, France)	157
EAAP News	177
Guest Editorial	177
Communications of the EAAP	177
EAAP Meetings	180
EAAP Task Force Reports.....	181
A Retrospective View of European Applied Animal Science.....	183
News from Member Associations.....	187
Reports of Meetings.....	188
Notes and Comments	188
Book Reviews	189
Publications of Interest.....	196
Training Courses	200
Forthcoming Meetings.....	200

VOL. 36 NO. 3**SEPTEMBER 1993**

The role of inbreeding depression in livestock production systems	
L.T. Gama and C. Smith (Guelph, Ont., Canada).....	203
N losses, purine N derivatives excretion and intestinal digestible protein requirements of cows at maintenance	
P. Susmel, M. Spanghero, B. Stefanon, C.R. Mills and E. Plazzotta (Udine, Italy)	213
Effects of genotype and sex on the feed intake pattern of group housed growing pigs	
L.C.M. De Haer and A.G. De Vries (Zeist, Netherlands).....	223
Relations among individual (residual) feed intake, growth performance and feed intake pattern of growing pigs in group housing	

L.C.M. De Haer (Zeist, Netherlands), P. Luiting (Wageningen, Netherlands) and H.L.M. Aarts (Zeist, Netherlands)	233
Mathematical analysis of apparent ileal digestibility values of amino acids in feedstuffs for pigs	
P. Van Leeuwen, A.J.M. Jansman, G.J.M. Van Kempen, M.W.A. Verstegen and J. Huisman (Wageningen, Netherlands)	255
Genetic parameters for linear type traits in Shetland Ponies	
H.M.J. M van Bergen and J.A.M. Van Arendonk (Wageningen, Netherlands)	273

VOL. 36 NO. 4**NOVEMBER 1993**

Testing for deficiency of uridine monophosphate synthase among Holstein-Friesian cattle of North America and Europe	
J.L. Robinson, R.G. Popp, R.D. Shanks (Urbana, IL, USA), A. Oosterhof and J.H. Veerkamp (Nijmegen, Netherlands)	287
Comparative performance of Malaysian, Australian and New Zealand F ₁ Friesian crossbreds	
S. Sivarajasingam (Armidale, NSW, Australia) and A.R. Kumar (Kluang, Malaysia)	299
An investigation into the effects of clinical mastitis on milk yield in dairy cows	
M.Z. Firat (Balcali-Adana, Turkey)	311
Sources of shared variability for the Egyptian buffalo body shape (conformation)	
K.A. Shahin (Cairo, Egypt), A.M. Soliman (Zagazig, Egypt) and A.E. Moukhtar (Minufiya, Egypt.)	323
Changes in growth and blood parameters in heat-stressed broiler chicks in response to dietary ascorbic acid	
H.R. Kutlu and J.M. Forbes (Leeds, UK)	335
Author index	351
Contents of <i>Livestock Production Science</i> Volume 36	353
